

Amendments to the Specification

Please make the following amendments to the specification. Changes relative to the immediate prior version are shown using strikethrough to identify deleted material and underlining to identify added material.

Please replace the second full paragraph on page 17 (lines 3-6) with the following amended paragraph:

-- The extraction device-~~27~~ 127 is a device for extracting glucose, and includes a body 128 and band 129. Reference number 26 indicates the cross section of the wrist of a user. --

Please replace the fourth full paragraph on page 22 (lines 13-16) with the following amended paragraph:

-- A signal corresponding to the amount of analyte (glucose) extracted in the first electrode part 132a and the second electrode part 132b is output to the ~~output~~ analysis part 102a by the assay part 101a (S107). --

Please replace the sixth full paragraph on page 24 (lines 28-31) with the following amended paragraph:

-- A signal corresponding to the amount of analyte (glucose) extracted in the first electrode part 132a and the second electrode part 132b is output to the ~~output~~ analysis part 102a by the assay part 101a (Fig. 14) (S120). --
